I love you in all the dangerous ways  
Keep my heart in shape for your love  
As it turns out, I'm a beggar for it  
I will exchange for it  
All this time you were serious  
Now it's obvious

It grows  
Black rows  
And it's falling  
From your hand  
Oh, oh  
Oh, oh

He says to me, "Loneliness is universal."  
"So, be happy when you cry."  
And, yet, I crave to be alone  
Still, I can't be sure  
At dusk I let the light out in exhales  
I let the camera fall to the floor  
Mirror gawking  
I'm staring at your face  
The things that brought you here  
And I want you more

Oh, oh  
Oh, oh  
La, da, da, da, da  
Oh, oh  
La, da, da, da, da  
Oh, oh  
Oh  
La, da, da, da, da
