You plus one
Me plus none
Like a bag of bones
Drag my ass back home

You do it just to spite
You know it makes me cry
I know what makes you cry
Melodramatic light

We're wreaking havoc
Let's give our problems a name
We both like pain

When you break my heart
When the crow picks me apart
When my shadow starts to bleed
When my brain doesn't feel the need

You know you're just in time
Intro the yellow light
A cinematic view
I think you're mental too

We're wreaking havoc
And we're both to blame
We both like pain
