Quiet confusion
strangle illusions
holding back the tears from falling
Drowning inside me
cover what i see
let Your light wash through my soul

Bum out what i see
bind my eyes
tear this painted black sea
i'm losing myself in my search for You
i'm reaching through the flames of truth

Show me Your Son's life
pictures of pure light
i cannot capture His might
but oh how i've tried

Bum out what i see
bind my eyes
tear this painted black sea
i'm losing myself in my search for You
i'm reaching through the flames of truth

Forgive my thunder
pushing You under
give me the strength to admit
nothing's my own here
we fall and hearts tear
facing us towards the truth
leaving us with the truth

Bum out what i see
bind my eyes
tear this painted black sea
i'm losing myself in my search for You
i'm reaching through the flames of truth
