Too small to come in
Exploding with sunshock and moonfire
It's too much to choke down
I'm crashed by the nature of freedom

I'm too cracked to thrice mend
And I'm sweating my need for redemption
While guilt beads on my skin
I'm broke from my fallen condition

Come catch me in love
Again and again
I'll spin light around your name
Forternal again
I'm confessing my needs
Whispering beautiful sweets
In a fragrance of pink

Move towards my dark side
Because I'm threatened by mystery and matches
But I'll pick up the cup
And swallow my past full of ashes

Come catch me in love
Again and again
I'll spin light around your name
Forternal again
I'm confessing my needs
Whispering beautiful sweets
In stark orange and green
It's my own fragrance of pink

Glory I'm undone
I'm stretched out on the water of wisdom
Fill me up 'til I drown
From sucking the nectar of being found
Sucking the nectar of being found

Come catch me in love
Again and again
I'll spin light around your name

Forternal again
I'm confessing my needs
Whispering beautiful sweets
In a fragrance of pink
