I can't believe this moments come  
It's so incredible and we're alone  
There's so much to be said and done  
It's impossible not to be overcome  
Will you forgive me if I feel this way  
Cuz we just met tell me that's ok

Take this feeling make it grow  
Never let it, never let it

Don't let go  
You give me something that I can believe in  
No don't let go  
Of this moment in time  
Don't let go  
I can't explain the things that I'm feeling  
Don't let go

Now would you mind if I beared my soul  
If I came right out and said you're beautiful  
Cuz there's something here I can't explain  
I feel I'm diving into a driving rain  
Keep my senses running wild  
I can't resist you're sweet sweet smile

So take this feeling make it grow  
Never let it, never let it

Don't let go  
You give me something that I can believe in  
No don't let go  
Of this moment in time  
Don't let go  
I can't explain the things that I'm feeling  
Don't let go

I've been waiting all my life  
To make this moment feel so right  
The feel of you just feels the night  
So come on let's just hold on tight

Don't let go

You give me something that I can believe in  
No don't let go  
Of this moment in time  
Don't let go  
I can't explain the things that I'm feeling  
Don't let go

No I won't let go  
No don't let go  
Oh I won't let go
