I have a smile
Stretched from ear to ear
To see you walking down the road
We meet at the lights
I stare for a while
The world around us disappears

It's just you and me
On my island of hope
Breath between us, could be miles
Let me surround you
My sea to your shore
Let me be the calm you seek

Oh but everytime I'm close to you
There's too much I can't say
And you just walk away

And I forgot
To tell you, I love you

And th' night's too long
And cold here, without you
But I grieve in my condition
For I cannot find the words to say
I need you so

Oh but everytime I'm close to you
There's too much I can't say
And you just walk away

And I forgot
To tell you, I love you
And th' night's too long
And cold here, without you
I grieve in my condition
For I cannot find the words to say
I need you so bad
I need you so bad
