Am I faithful, am I strong, am I good enough to belong
In your reverie a perfect girl
Your vision of romance is cruel and all along I played
the fool
All your expectations bury me

Don't worry you will find the answer if you let it go
Give yourself some time to falter
But don't forgo knowing that you're loved no matter
what
And everything will come around in time

I own my insecurities I try to own my destiny
That I can make or break it if I choose
But you take my words and twist them 'round
Till I'm the one who brings you down
Make me feel like I'm the one to blame for all of this

You will find the answer if you let it go
Give yourself some time to falter
But don't forgo knowing that you're loved no matter
what

And everything will come around in time

See you need everybody with you on your side
Know that I am here for you but I hope in time
You'll find yourself alright alone
You'll find yourself with open arms
You'll find yourself, you'll find yourself in time

The riot in my heart decides to keep me open and alive
I have to take myself away from you
'Cause I can't compete I can't deny
There's nothing that I didn't try
So how did I go so wrong in loving you

Don't worry you will find the answer if you let it go
Give yourself some time to falter
But don't forgo knowing that you're loved no matter
what
And everything will come around in time
