"Push"

Every time I look at you the world just melts away
All my troubles all my fears dissolve in your affections
You've seen me at my weakest but you take me as I am
And when I fall you offer me a softer place to land

You stay the course you hold the line you keep it all
together
You're the one true thing I know I can believe in
You're all the things that I desire, you save me, you
complete me
You're the one true thing I know I can believe

I get mad so easy but you give me room to breathe
No matter what I say or do 'cause you're to good to
fight about it
Even when I have to push just to see how far you'll go
You wont stoop down to battle but you never turn to go

You stay the course you hold the line you keep it all
together
You're the one true thing I know I can believe in
You're all the things that I desire, you save me, you
complete me
You're the one true thing I know I can believe

Your love is just the antidote when nothing else can
cure me
There are times I can't decide when I can't tell up from
down
You make me feel less crazy when otherwise I'd drown
But you pick me up and brush me off and tell me I'm
okay
Sometimes thats just what we need to get us through
the day

You stay the course you hold the line you keep it all
together
You're the one true thing I know I can believe in
You're all the things that I desire, you save me, you
complete me
You're the one true thing I know I can believe

You stay the course you hold the line you keep it all together
You're the one true thing I know I can believe in
