You walk on by
Clueless and so high
Following your aimless
Path away from us
You're so far away
And what can I say
Cause I can't be the one
You wanted me to be

So tell me
How do you feel
It's so confusing
If you let it all go
It'll fall apart
Do you want me to stay
And say I still want you
U want me 2, don't you?

So what are we saying
Our eden's a failure
A made-up story
To fit
The picture-perfect world
The one with I do's
And I love you
And we are made
For each other
Is forever over now?

And tell me
How do you feel
It's so confusing
If you let it all go
It'll fall apart
Do you want me to stay
And say I still want you
U want me 2, don't you?

I hope there's forgiveness
In the distance between us
Can we make what lies
Ahead of us

A better place to be?

So tell me
How do you feel
It's so confusing
If you let it all go
It'll fall
Do you want me to stay
And say
I still want you
You want me too
Don't you?
