Everything changes, everything falls apart
Everything changes, everything falls apart
Everything changes, everything falls apart
Everything changes, everything falls apart
Everything changes, everything falls apart

Everything changes, everything falls apart
Everything changes, everything falls apart

How stupid could I be, a simpleton could see
That you're no good for me but you're the only one I
see
Stupid could I be, simpleton could see
That you're no good for me but you're the only one I
see

But you're the only one I see
Stupid could I be, simpleton could see
That you're no good for me but you're the only one I
see

Stupid could I be, simpleton could see
That you're no good for me but you're the only one I
see
Stupid could I be, simpleton could see
That you're no good for me but you're the only one

Stupid could I be, simpleton could see
That you're no good for me but you're the only one I
see
Stupid could I be, simpleton could see
That you're no good for me but you're the only one I
see

Everything changes, everything falls apart
Everything changes, everything falls apart
