Evening love, how's your day?  
I'm bringing you the weather from the satellite jigsaw.  
Today was fine, tears at times.  
A weak ridge from pressure from the hinter to the  
heartland.

Who knows what it'll be?  
A briny breeze,  
Collars on the upturn, a nod towards the winter.

And Monday, is a Monday  
Tuesday's a thunder day,  
With a wind that chills you to the bone.  
Wednesday, don't mention Wednesday!  
Not a good one at all!

OTHERWISE FINE...  
OTHERWISE IT'S DANDY...  
OTHERWISE FINE...  
OTHERWISE IT'S OVER THE TOP!

You got really rotten weather it's so hard, I know...  
Tell me where a weatherman should start,  
When he's miles from his sunshine...  
Promise you the warmest winter fire,  
When outside its freezing cold...  
Promise you the bluest summer sky,  
It'll shine just for you...

And it'll be the outlook for Thursday,  
You're guess is good as mine!  
We'll be together, yeah, together by design!  
Sunshine...  
Sunshine...  
Sunshine...
