[Verse 1]

Well I've tried and tried to hold this thing together
But you wanted more than I could give.
I know that's not the way to live
Time I thought that we would last forever
But you pushed too hard
I feel the scars
But I don't know who you really are

[Bridge]

What we had was so good
What can I do to get you back

[CHORUS]

When I lost you I lost everything
But I still want you
When I lost you I lost everything
Now I'm falling apart cos you're still in my heart
When I lost you I lost everything
But I still love you
When I lost you I lost everything
Now I'm wasting my time cos your still on my mind

[Verse 2]

If you hear me now you know what really matters
There has got to be a way around
Find a place of common ground
Let's go back to days when we were lovers
I used to keep you satisfied
I knew that you were on my side.

[Bridge]

[CHORUS]

(my mind, my mind) But I still want you
(my mind, my mind) Now I'm falling apart cos you're
still in my heart

[CHORUS]

(my mind, my mind)
