Though we'll never live this moment again
The clock is ticking away in vain
Time itself has chased us down
But we've tricked it at it's own game
Nothing to keep me from you...

I don't have to see you everyday
Only fools put chains on love
And if I had to live life through
Alone and without you
It wouldn't change a thing...

Timeless love
Ageless us
There's no end
Always was
A timeless love
Heaven born
Ancient vows
Never to be torn

There is no tomorrow in my heart
Only dreamers believe in time
So let's leave no regrets behind
I'll give it all
When I'm with you...

Timeless love
Ageless us
There's no end
Always was
A timeless love
Heaven born
Ancient vows
Never to be torn

There's no sadness when you see my eyes
There's no distance when I let you go
'Cause I know a timeless love

Timeless love
On this rock

Take me now
And make a lovebird
Of the coo-coo in the clock
