The wind will always turn around
Come my love to higher ground
Where nights are calm, days are bright
And passion fills the morning light

I'm your bride and you're my groom
The air is filled with a sense of bloom
And although shadows waiting near
We seem so far from lies and fear

Come to me, magic sensation
With no hesitation
I'm not afraid when I'm here by your side
Cause you're my salvation
And the magical sensation
Will leave us with nothing to hide
The past and the future feels pale
When you give me that magical sensation

Frightening sounds are everywhere
Mama angel don't despair
See the moon with a shade of gold
Spreading his cheer in the cold

Come to me, magic sensation
With no hesitation
I'm not afraid when I'm here by your side
Cause you're my salvation
And the magical sensation
Will leave us with nothing to hide
The past and the future feels pale
When you give me that magical sensation

(I got magical sensations of you)

Come to me, magic sensation
With no hesitation
I'm not afraid when I'm here by your side
Cause you're my salvation
And the magical sensation
Will leave us with nothing to hide

Aaaahhhh...
Will leave us with nothing to hide
Aaaahhhh...
Will leave us with nothing to hide
The past and the future feels pale
When you give me that magical sensation
