Baby if you want some of this then you better keep
walking
And baby maybe if you shut your mouth and stop all
the talking
We wouldn't have this problem about you tryin' to holla
at me
Cause the way I feel about you is special but,
you have to learn that I'm better
So yeah and the drum goes lalalalalalala
Oh yeah and the beat goes lalalalalalala
So yeah and the drum goes lalalalalalala
Oh yeah and the beat goes lalalalalalala

Hut 2 3 4 (4)
I only want you
Baby I only want you
So you better make the move
You better make the first move
And if you don't I'mma diss
Cause we could've had this romantic kiss
Make an impression to me now
Make my jaw drop and wow
Keep marchin, keep marchin' stop talking or I'm dissin'

So baby after all of the drama we connected
And you wouldn't stop comin' around me you keep
lookin' at me
And I wanted you to say somethin' you shy, fly swag
babe
Cause I have this instinct, have this vibe that it's me
and you alright
So yeah and the drum goes lalalalalalala
Oh yeah and the beat goes lalalalalalala
So yeah and the drum goes lalalalalalala
Oh yeah and the beat goes lalalalalalala
