I fed you food I gave you (my life)  
I was going to tell you how much I loved you( tonight  
but, )  
I knew in the end it would only be me (me)  
So now I'm busy dealing with a life I have to live (on my  
own)  
The stuff I said to you I take back  
The things I gave you I want back  
Cause' it's over now  
Gotta move on somehow  
I hate singing a sad song but,  
You know I have to because, I don't want you no more  
it's the way the floor goes  
Girl I gave you me heart and all this time you've been  
playing with my heart

When I LOVED YOU it felt so right  
I Remember when I would hold you so tight  
Baby you were my strength to carry on (on)

Yes I do truly do miss your kisses hellu boo but you  
know I gotta let you go  
Cause all you made me do was cry and dam I tried not  
to think about the past and every little thing we used to  
do together forever it will remain inside my brain ugh,  
ugh,  
Baby you fulfilled all of my fantasies, I miss your soft  
hands, I miss your sexy lips, I miss the way we allways  
used to kiss I remebered you said gonna stay here  
through any kind of whther  
Baby you better stay here through any kind of whether  
do you understand I wanna be your lady forever and  
ever and ever

When I LOVED YOU it felt so right  
I Remember when I would hold you so tight  
Baby you were my strength to carry on (on)
