My baby is an angel, don't tell me she can't fly  
'Cause when I'm with her, I'm way off the ground  
But hear lately, they say angel has been flyin' kind of  
line  
And I think some devil brought my angel down

I can't imagine angel just leaving me behind  
She said the world was hers with me around  
And all the things I've planned always with her in mind  
But I think some devil brought my angel down

I'm gonna keep on looking high and low for her  
I can't let her fly away from me  
If I can't find her I can't show her love can grow  
'Cause the way I love her she will plainly know

That my angel is my baby and I need her oh so much  
But she's lost and I'm afraid that she's been flown  
But maybe she'll remember and fly back to my arms  
But I think some devil brought my angel down  
Yeah, I think some devil brought my angel down
