I was born on the banks of the river grew up in a floatin'
shack
Old Man River was my front yard we had snakes and
frogs out back
I learned to cry to a steamboat whistle I cut my teets on
a pal of a cat
From this big star just to make my mark
I had to fight like a river rat I'm nothin' but a river rat
Grab that net catch that fish it's all I've ever known
Trap that otter don't you miss I'll give him the great
alone
With the temper of a stepped on rattler and the gall of
a mean wild cat
Well the strong survive and just to stay alive
You gotta fight like a river rat I'm a meaner than a river
rat
[guitar]
I had me a woman down the river she had eyes for me
alone
She was here last night but like this wood with the
mornin' tide she was gone
To the night like the great Big Muddy was runnin' wild
as blind as a bat
My dream was sank when it went over the bank
It drawned all the river rats and I was runnin' like a river
rat
Grab that net..
I'm nothin' but a river rat I'm a meaner than a river rat
