Have you read any good telephone books lately?
If you ain't then let me recommend one
I've already read that Tulsa telephone book through
thirteen times
If you don't know any last names it ain't much fun

Well, I was in Tulsa and didn't have anything going
And she was in Tulsa and didn't have anything on
She said, my name is Shirley and I said, my name is
Dave
I woke up the next morning and she was gone

Readin' that Tulsa telephone book will drive a man
insane
Especially if that girl, you're looking for has no last
name
I got to find her and tell her I don't want our love to end

So I'm readin' that Tulsa telephone book again

All of the Tulsa operators know my voice now
They must know how long I've been alone
If you see a girl named Shirley with some ribbons in her
hair
Tell her that she's wanted on the phone

Readin' that Tulsa telephone book will drive a man
insane
Especially if that girl, you're looking for has no last
name
I got to find her and tell her I don't want our love to end
So I'm readin' that Tulsa telephone book again

I keep on readin' that Tulsa telephone book again
I'm readin' that Tulsa telephone book again
