Darkness purifies us as we march towards war  
A crusade that forever shall extinguish the Christian  
whore

Mother Mary gave birth to a son of shit  
The difference between Jesus and a whore is only the  
clit

The wrath that unifies us shall be directed against the  
meek  
We shall rape the faithful idiot and strangle the weak

Mother Mary...

You shall forever succumb to the flames of our unholy  
fire  
As we solemnize the utter extinction of the Christian liar

Mother Mary...

Our troops of pure evil shall burn the Christian lair  
We shall celebrate our triumph as they cry in despair  
They shall adorn our fortress as a monument to our  
pride  
As they on their own filthy crosses are crucified  
Our might shall be displayed through their spilt blood  
As we solemnize the grim destruction of your god!
