A thrilling set of emotions  
Awakes my slumbering need  
Come be my feeble victim  
Let me make you bleed  
You enlight my flickering fire  
This day will be your last  
Your life shall be reduced  
To a forgotten thing of the past  
Killing Spree Supreme  
Desires will not be subdued  
Let me hear you scream  
Killing Spree Supreme  
I possess a mind of perversion  
And this I will express  
As I tear your body apart  
And unite you with your death
