It seems like every day's the same
And I'm left to discover on my own
It seems like everything is grey
And there's no colour to behold.

They say it's over and I'm fine again
Yeah
Try to stay sober, feels like I'm dying here.

'Cause I am aware now
Of how everything's gonna be fine
One day, too late, I'm in Hell
I am prepared now
Seems everyone's gonna be fine
One day, too late, just as well.

I feel the dream in me expire
And there's no one left to blame it on
I hear you label me a liar
'Cause I can't seem to get this through

You say it's over, I can sigh again
Yeah
Why try to stay sober when I'm dying here?

'Cause I am aware now
Of how everything's gonna be fine
One day, too late, I'm in Hell
And I am prepared now
Seems everyone's gonna be fine
One day, too late, just as well.

And I'm not scared now
I must assure you
(You're never gonna get away)
And I'm not scared now
And I'm not scared now.

'Cause I am aware now
Of how everything's gonna be fine

One day, too late, I'm in Hell
And I am prepared now
Seems everyone's gonna be fine
One day, too late, just as well.

And I am prepared now
Of how everything's gonna be fine
For me, for me, for myself
(For me, for me, for me)
For myself
(For me, for me, for me, for me)
For myself
And I am prepared now for myself
(For me, for me)
For myself
And I am prepared now
(For me, for me)
And I am fine...
Again.
