Foresee the fight to heaven creatures  
Innocent in white garments  
High above, faceless divine  
Frantic eyes, too blind to see  
Terror zone with open end  
Controlled with strings

Freeze your mind the method to kill  
See my world of unforgettable horror  
Show who you are, the other side of darkest heaven

Selecting in pain  
Christians to ashes, angels to dust  
Be my slave  
Christians to ashes, angels to dust  
Cut flesh blood rain  
Christians to ashes, angels to dust  
Innocence to grave  
Christians to ashes, angels to dust

Freeze your mind the method to kill  
See my world of unforgettable horror  
Show who you are, the other side of darkest heaven

Selecting in pain  
Christians to ashes, angels to dust  
Be my slave  
Christians to ashes, angels to dust  
Cut flesh blood rain  
Christians to ashes, angels to dust  
Innocence to grave  
Christians to ashes, angels to dust

Blood drops from your lips  
One way to go ahead  
Strike down with hellish power  
Warriors of hell in time  
Ripping lords waiting for you  
Life will end in despair and slime  
No cross to protect your fucking innocent soul  
You shall never rest

Selecting in pain  
Christians to ashes, angels to dust  
Be my slave  
Christians to ashes, angels to dust  
Cut flesh blood rain  
Christians to ashes, angels to dust  
Innocence to grave  
Christians to ashes, angels to dust
