Oh dreamland
Oh dreamland

I am the woman in the window
See the children playing
Soldier, sailor, young man on your way
To the summer swimming pool

Can you see me standing
In my window, can you hear me laughing?
Come upstairs, sir, to your room
And I will play for you

Oh, dreamland, golden scene land
Try to sleep land, take us to dreamland
I am unhappy far from my woman
Just try and stop us, we're going to love

Just try and stop us, we're going to love
Just try and stop us, we're going to love

"Eat at my table", she cried to the vineyards
Calling the workers home from the meadows
Man, you are evil, get out of my garden
Just try and stop us, we're going to love

Just try and stop us, we're going to love
Just try and stop us, we're going to love
Just try and stop us, we're going to love
Just try and stop us, we're going to love

Cover us over, love

Open your window, women of Palestine
Throw down your raiment and cover us over
Riding the prairie, just me and my angel
Just try and stop us, we're going to love

Just try and stop us, we're going to love
Just try and stop us, we're going to love
Just try and stop us, we're going to love
Just try and stop us, we're going to love
