Helm of darkness  
Corrupting gods' souls  
Evil has blessed  
Satanic scrolls

Into the light  
Gateway to hell  
Lucifer cast black magic spells

Guardian arise  
Your eyes of burning red  
Ring the unholy bells  
To awaken the undead!

Striking of the serpent  
Poisoned minds combined  
Troops that satan has sent  
Mortals Terrorized!

Shadows from beyond  
Summoned to destroy!  
Archangel flies into the void  
Locusts carry plagues  
Scriptures that foretold  
Unite the gods of death  
Embrace the devil's soul!

Black prophecies of time  
Spread across the land  
Defle the religions  
Beelzebub commands!
