

Satellite Soul "Either Way"

Visit "[Either Way](#)" on MotoLyrics.com

There is a mystery
It's a paradox of sorts
Well, it seems when I am weak

Then I am stronger than before
I can pray for brokenness or not
Either way

I can try to beg You off or bring it on
Let it rain, let it shine
Either way, it don't matter to me

'Cause I know that You're still God and I'm still not
Call it six, half a dozen
Either way, it don't matter to me

There's some who say to me
Life is pleasing to the touch
But I think that it could be

That they don't get out so much
They could try to come with us or not
Either way
