I was born on a Sunday night
Yes, I was born for a second time
Many years have passed but I won't forget
There, the die was cast
And it hasn't stopped rolling yet

There is a happy ever after
It sounds crazy but it's true
There is a place for love and laughter
Heaven waits for me and you

Some were born out of fear and fright
Some were born out of the highest heights
Many years have passed but I still remember
Our reward is vast
If those promises were rendered and

There is a happy ever after
It sounds crazy but it's true
There is a place for love and laughter
Heaven waits for me and you

Many years have passed but I won't forget
There, the die was cast
And it hasn't stopped rolling yet

There is a happy ever after
It sounds crazy but it's true
There is a place for love and laughter
Heaven waits for me and you
