Hymns from the shadow land

Hear the horns of the Dark Age  
Calling immortals from the gates  
Eyes that follow me  
Through the lands of blasphemy

Bringers of death  
Enchant the spirits  
Armageddon

Hymns from the shadow land

Demons sent from the darkness  
Summoned to decimate  
Kingdom of the infernal night  
Raise the opus of Satan's rites

Bringers of death  
Enchant the spirits  
Armageddon

Hymns from the shadow land

Hear the horns of the Dark Age  
Calling immortals from the gates  
Eyes that follow me  
Through the lands of blasphemy

Bringers of death  
Enchant the spirits  
Armageddon

Hymns from the shadow land
