Never so hurt that You couldn't mend
Never so lost I couldn't find the way again
Never so dark that light wouldn't shine
Never so hopeless that hope could not find

I'll be alright just as long as You're mine
Just as long as You're mine

Never so blind that You couldn't see
Never so real, it doesn't feel like a dream
Never so scared You couldn't change my point of view
Never so hard You could not get me through

I'll be alright just as long as I'm with You
Just as long as I'm with You

Golden slumbers used to fill my eyes
But now all I see are stacks of smoke and nights of fire

Never so wrong You couldn't make so right
Never so strong to find shelter in Your might
Never so confused You wouldn't reason the rhyme
Never such a rebel wouldn't call You in time

I'll be alright just as long as You're mine
I'll be alright just as long as You're mine
