It's the truth, that I don't claim
To understand more than anybody else
(For)
I'm just trying to live it out
Embrace the One who can

Save me from myself
Complete understanding eludes me
The wisdom of man will just confuse me

This life is a poor reflection
I cannot trust what I see
I have no confidence
I have no objections
So I say let it be

There are things, that we can't see
We won't know until we
Reach the other side
(For)
When that day it comes for me

Then the light will show and I'll
Be too bright to hide
We'll sing a song of love together
And the melody it will go on forever

This life is a poor reflection
I cannot trust what I see
I have no confidence
I have no objections
So I say let it be
