Come on, listen up now  
3rd Storee on the rise come on  
Yab Yum on top come on  
I'm in the studio caked up (caked up)  
I leave the session when you wake up (wake up)  
Only rock the beats with the deep cuts (deep cuts)  
We all screaming 3rd Storee what, what  
I met shorty on Sunset (on Sunset)  
Bumping Newark on the tape deck (tape deck)  
I got the number you can bet that (oh you can bet that)  
I got three friends don't forget that ya heard me

[Jay-R]

Shorty had a little back caught my eye  
Bounce getting jiggy with her sexy thigh  
She blew my mind, she was all so fine  
I think about her now most every night  
I like the way her style got me hypnotized  
Be so fly, I gotta make her mine

[3rd Storee] (Lil'Man)

All I do is (when I can't get no sleep I)  
Think about you (you're everything to me baby)  
How am I supposed to (be alone, know I just can't)  
Chill without you (chill without your love)

[Jay-R]

I wanna know what I can do  
To get me closer to you  
I wanna know the do's and don't's  
What can I do to get you

[Lil'Man]

Everyday, I think about it everyday  
If I could only have you babe oh yeah

[3rd Storee] (Lil'Man)

All I do is (when I can't get no sleep I)  
Think about you (you're everything to me baby)  
How am I supposed to (be alone, know I just can't)  
Chill without you (chill without your love)

All I do is (when I can't get no sleep I)  
Think about you (you're everything to me baby)  
How am I supposed to (be alone, know I just can't)  
Chill without you (chill without your love)

[Lil'Man]

I can't explain what I see in your eyes  
But I know it comes from deep inside  
And everyday I wish that I could see  
The girl that always be inside my dreams baby

[3rd Storee] (Lil'Man)

All I do is (when I can't get no sleep I)  
Think about you (you're everything to me baby)  
How am I supposed to (be alone, know I just can't)  
Chill without you (chill without your love)
