I've got a friend who is ambivalent
Maybe she was never meant
She's saying things that make no sense
And I always try to understand

I don't know whether to laugh or cry
When she always change her mind
Confusing me when she's around
I think I've had it for this time

(Ooh...)
So now I'm leaving her on her own
'Cause ambivalent friends, without confidence
Are nothing and could just move on
(Ooh..)
So now I'm leaving her on her own
'Cause ambivalent friends are nothing to rely on
No, ambivalent friends are nothing to rely on

I have to say she's so ambivalent
Is it for real or maybe just a fake
Is she about to realize
That she can't go on with all these lies

(Ooh...)
So now I'm leaving her on her own
'Cause ambivalent friends, without confidence
Are nothing and could just move on
(Ooh...)
So now I'm leaving her on her own
'Cause ambivalent friends are nothing to rely on

Well, I can't rely on her no more
There is nothing left to do

(Ooh...)
So now I'm leaving her on her own
'Cause ambivalent friends, without confidence
Are nothing and could just move on
(Ooh...)
So now I'm leaving her on her own
'Cause

No no no!

No, ambivalent friends are nothing to rely on
