The only thing holding me back is the paste (is the  
paste) is the paste of the past  
Get your mind out from under the cushions of the sofa,  
son  
Peel away this gentleman's paint  
And I'll sand off the undercoat stains

Goddamn their vanity they speak in hushed tones but  
the gag comes quickly  
The only thing holding you back is the paste (is the  
paste) is the paste of the past  
Peel away this gentleman's paint  
And I'll sand off the undercoat stains  
Peel away(cut at the hairline) this gentleman's face  
(pull the skin back)  
And I'll sand off the undercoat stains (the skin is  
sloughed)

The only thing holding us back is the paste (is the  
paste) is the paste of the past  
Our actions are reflexive, should I turn on the  
microphone?  
Peel away this gentleman's paint  
And I'll sand off the undercoat stains  
Peel away(cut at the hairline) this gentleman's face  
(pull the skin back)  
And I'll sand off the undercoat stains (the skin is  
sloughed)

An apple tree  
Out of reach  
Is a task worth dying for
