Sleep… like a jail house tease… The body opens up to breath…to suck air

Floats in a pool facing an Astral plane(feels like bile and spit)â€|The body opens up againâ€|to suck air Holdâ€|hold that thoughtâ€| The body's praying for some bloodâ€|and sucks air

I'm blind here I give up Radical claims "… the body shuts…

Where's the need? It should be thick an ember's pale comparison

This corpse on a bed is bound to rot…organs dilated…his muscles, shot

Taken in this selfish thing Lucid is the course I think…but my conviction's certainty is sinking

"Take him quick like a veteran trick"
