Hey, baby  
Come over here and sit down  
All I wanna do is explain to you how you make me feel  
Is that alright?  
Listen

Let me tell you 'bout a few things that turn me on,  
Mmm  
Just the little bitty things that make this love so  
Strong  
Like how you push the hair back from over your face,  
Alright, mmm  
Bite your lip when you want me to come over and have  
a  
Taste

Make that face that you make when we're lovin'  
(Ooh...)  
Make that sound that you make when we're huggin'  
You know what I need  
Baby, do those things (Oh, yeah) that you only do for  
Me (Do for me)

Close your eyes like you do when you kiss me (Baby,  
When you kiss me)  
Send that face that you send when you miss me (You  
know  
What I need)  
You know what I need  
Baby, do those things (Baby, do those things ) that  
You only do for me (Do for me)

Subtle way that you nudge me in the middle of the  
Night  
It's just your way to let me know that the time is  
Right  
You give me signals that nobody else can understand,  
Oh  
How you tremble at the slightest little touch of my  
Hand 'cause you know

'Cause you know when I want it, you put nothin' extra on

it  
(Yeah)  
Just the simple things that you do  
And I know what I like and I ain't afraid to try  
As long as I'm tryin' with you, you

And only you can understand just how to treat your  
man  
That's the reason that I made you my wife, oh  
'Cause you always keep it real, you know just how I  
Feel  
See, you made a difference in my life

Make that face that you make when we're lovin' (When  
We're lovin')  
Make that sound that you make when we're huggin'  
(When  
We're huggin')  
You know what I need  
Baby, do those things (Baby, do those) that you only  
Do for me (Do for me)

Close your eyes like you do when you kiss me (You  
know  
What I like)  
Send that face that you send when you miss me  
You know what I need (You know)  
Baby, do those things (Yes, you do) that you only do  
For me

Can I get a witness in here?  
Somebody know what I'm talkin' about  
Only heaven knows

Only heaven knows (Mmm) the way you make me feel (I  
Can't explain)  
I can't explain it, but I know that it's real (I know  
That it's real)  
I wouldn't trade this feeling if it cost my life  
(Yeah, yeah...)

Make that face that you make when we're lovin' (Baby,  
It's that face)  
Make that sound that you make when we're huggin'  
(Please make that sound)  
You know what I need (You know)  
Baby, do those things (You know) that you only do for  
Me (You know, close your eyes)

Close your eyes like you do when you kiss me  
Send that face that you send when you miss me

You know what I need (Yeah)  
Baby, do those things (Yeah, yeah, yeah, oh, oh, oh,  
Oh...) that you only do for me
