From the projects to them penthouses  
From polyester to them pretty Fendi print blouses, I  
send flowers  
Soon after that disaster with them Twin Towers  
No regrets ma, respects to the tenth power

Love's involved when bubbles and the suds dissolve  
And no more bars is left visible to cover the scars  
Truth is real with hopes you'll never lose the drill  
So for now let's just cruise and chill

I'ma keep lovin' you  
And I'ma keep holdin' you  
No matter what the situation is  
I'm for you

No matter how high I have to climb  
No matter how low I have to go  
I'm gonna love you  
I'm gonna love you

Baby, you're my love, my everythin'  
You are my soul, the only thing  
That can make me feel the way I do  
Like I ain't got nothin' to lose

I ain't got a care in the world  
'Cause I know I'm your man, you're my girl  
They can say what they wanna say  
'Cause I know it ain't gonna change a thing

I'ma keep lovin' you  
And I'ma keep holdin' you  
No matter what the situation is  
I'm for you

No matter how high I have to climb  
No matter how low I have to go  
I'm gonna love you  
I'm gonna love you

You're the only one I need in my life

If lovin' you is wrong then I don't wanna be right  
Best thing to happen to me  
Everythin' about you girl is made for me

You're my light, my sun, my rain  
You're my life, my joy, my pain  
Girl, it can't get better than this  
It can't feel no better than this

I can't let you go  
I don't care who knows  
Don't care what it is  
We gonna pass the test

'Cause you're number one  
For me, girl you're the one  
For me you're number one  
And I'm gonna keep on lovin' you

It's a joy bein' a part of what the soul starburst  
Find a piece without pickin' up a chrome revolver  
My cologne is like a known massager  
Not navi but spoken for so don't bother

I see you lookin', but who is this essential bookin'  
Love cookin' with an aura that could keep you cushionin'  
Call her my queen, plus she do all them things in  
between  
My only beef is to shower  
'Cause she sure she can sing and can't hit a note

Lessons learnt we all live to cope  
And in return two souls connect and give they oath  
Curse or gift is double but it's worth the trip  
'Cause believe I be the first to flip

Can I get my brothers to help me say I'm gonna  
(I'ma keep lovin' you)  
Through the storm and the rain  
(I'ma love you)

Through sickness and pain  
(I'ma keep lovin' you)  
Everyday of my life  
(I'ma love you)

Till the day I die  
(I'ma keep lovin' you)  
No matter what it is  
(I'ma love you)

No matter where we go  
(I'ma keep lovin' you)  
Want the whole world to know

I'ma keep lovin' you  
I'ma keep holdin' you  
No matter what the situation is  
I'm for you

No matter how high I have to climb  
No matter how low I have to go  
I'm gonna love you  
I'm gonna love you

I'ma keep lovin' you  
And I'ma keep holdin' you  
No matter what the situation is  
I'm for you

No matter how high I have to climb  
No matter how low I have to go  
I'm gonna love you  
I'm gonna love you

I'm gonna keep lovin' you  
And I'm gonna keep holdin' you  
No matter what the situation is  
I'm for you

No matter how high I have to climb  
No matter how low I have to go  
I'm gonna love you
