Real talk, I'm attracted to you, wanna do something
to you

Wanna feel your body all over mine

Tell me what your feelin', can we make this happen?

We can get this crackin' in no time

But there's one condition before we get to smashin'

Promise me that you won't get too attached

Don't start catchin' feelings, wanna start having
children

Baby, I'm the wrong for that

Real as I can be with you

I just wanna creep with you

I ain't tryin' to be your man

Girl, I hope you understand

When you wanna get broken off, girl

Need someone to call, girl, wanna be the one who fills
that void

As much as I would like to, the one thing that I can't do
Is get in another relationship at this point

Let's just keep it simple and do out the dizzy

This way no one gets hurt, baby

At least I'm bein' up front, girl, tellin' you what I want,
girl

Let me know if this works for you

Real as I can be with you

I just wanna creep with you

I ain't tryin' to be your man

Girl, I hope you understand

Real as I can be with you

I just wanna creep with you

I ain't tryin' to be your man

Girl, I hope you understand

Real talk this is

Real talk this is

Real talk this is

Real talk this is
Real talk this is
Real talk

Real as I can be with you
I just wanna creep with you
I ain't tryin' to be your man
Girl, I hope you understand

Real as I can be with you
I just wanna creep with you
I ain't tryin' to be your man
Girl, I hope you understand

Real as I can be with you
I just wanna creep with you
I ain't tryin' to be your man
Girl, I hope you understand

Real as I can be with you
I ain't tryin' to be your man
