Oh..  
Oh...hey  
Ho...oh..  
Oh...oh..

**[Verse #1]**

Like my favorite scene  
In the best movie  
Like the air that I breathe  
That's what she is to me  
Like a song I just wrote  
Or like coming home  
When I've been gone too long  
That's what she does for me

**[Bridge #1]**

{Ooh...} I wanna always have this feeling  
{Ooh...} Ooh, your love is so amazing  
{Ooh...} Tell me, tell me, tell me, baby  
{Tell me that you'll never go, no} Oh...oh..

**[Chorus]**

She's a light, someone free  
everything that means anything to me  
That's what she is  
And she's so heavenly  
Just how the world looks to someone who's never seen  
it  
That's what she is

**[Verse #2]**

Like a lover's hug when you first fall in love  
Girl it means so much when your out of touch  
It's like seeing you for a moment or two  
Girl the thought of you is what gets me through

**[Bridge #2]**

{Ooh...} I wanna always have this feeling  
{Ooh...} Ooh, your love is so amazing  
{Ooh...} Tell me, tell me, tell me, girl  
{Tell me that you'll never go, no} Whoa..

[Repeat Chorus]

[Breakdown]

I don't think that words can describe  
Exactly how you make me feel inside  
never in my life have I been so in love

[P. Diddy]

James, talk to 'em

[LL Cool J Verse]

Slid up in the AMG, satellite radio, you next to me  
Legs like Nestle, they constantly test me  
I'm clear that the rest be trying to out finesse me  
But love is real, I can tell how it feel  
Say what you want, but keep your lips sealed  
You could run your mouth, talk extra slick and  
Strip in front of the plasma, yes it's sick'nin  
Uh, belly dance for your man  
Make eye contact, make a player react  
In fact, crawl on the bed while ya mans laid back  
Run your pedicure across my six pack  
Hold my dice, baby roll for ice  
You free to move around I won't control your life  
I'll just keep you heated, treat you how you wanna be  
treated  
You got an appetite for love, I'll feed it

[Repeat Chorus 2x]
