I thought I could let it all go
Shake off the haters and let it all slide
But something deep down in my soul
Won't rest until I say what's on my mind
Sick and tired of hollywood game
Hollywood smiles and hollywood fame
I bet your hollywood won't be the same
Cause some niggas that we owe bout to get paid back

I hate to be you my nigga
When the Goodfellas come through my nigga
It's long over due my nigga
Payback coming soon my nigga
The big payback coming to a hater near you

Promote me like you promised you would
Stop laying off ringt in the middle of my prime
Telling me you did everything that you could
Well I'm gonna do everything to make you hard to find
You really to small to deal with this drama
Like to short for you to really see
It's hard to be more when your new in my town
Had to sell it to much in love his story

I hate to be you my nigga
When the Goodfellas come through my nigga
It's long over due my nigga
Payback coming soon my nigga
The big payback coming to a hater near you

Guess who's back and breathing again
With a new budget and a dream on my side
When short folks left me for dead in the streets
Goodfellas patched me up and kept me alive
Don't look now but up in the sky
It's a bird, it's a plane no Dave's on the rise
Rep'n for the ghettos til the day I die
Front on his shorty oh why, why

I hate to be you my nigga
When the Goodfellas come through my nigga
It's long over due my nigga

Payback coming soon my nigga
The big payback coming to a hater near you

Now this is for thoses people...well you know who you
are

The big payback
For all thoses folks who didn't need me
The big payback
You gone be asking me for some free CD's
The big payback
I want to thank you for all the love that you given me
yeah

Now if you with me yall put your hands in the sky

Get your hands up in the sky
And wave them from side to side
And step from left to right

Get your hands up in the sky
And wave them from side to side
And step from left to right

I hate to be you my nigga
When the Goodfellas come through my nigga
It's long over due my nigga
Payback coming soon my nigga
The big payback coming to a hater near you

Yall suckas, Yall can't stop me
