Black horizons stray the autumn skies,
The moon is rising, the night bird flies.
We came from beyond the woods of ancient trees,
New lively mortal, passion bleeds.

Gates of time arise in the night
From the cave of mystery and delight.
Eternitas...
Owl of the nightfall fleets the sky.
Eternitas...
Eternal gates of light and dark.
Eternitas...
Owl of the nightfall fleets the sky.
Eternitas...
Eternal gates of light and dark.

On the night's black velvet? crimson
Sister of the earth, thy moon's horizon
With love and knowledge drove our innocence.
The key of joy is disobedience.

Gates of time arise in the night
From the cave of mystery and delight.
Eternitas...
Owl of the nightfall fleets the sky.
Eternitas...
Eternal gates of light and dark.
Eternitas...

Owl of the nightfall fleets the sky.
Eternitas...
Eternal gates of light and dark.

We came from beyond the threshold of?
New lively mortal, the warmth of passion bleeds.

Eternitas...
Owl of the nightfall fleets the sky.
Eternitas...
Eternal gates of light and dark.
Eternitas...
Owl of the nightfall fleets the sky.

Eternitas...
Eternal gates of light and dark.
Eternitas...
Eternitas...
Eternitas...
Eternitas...
