Now your eyes grow cold
When I speak these words to you.
It is time to end this.
Now it's time to leave this place.

I can change your mind, my dear,
But still love you with all your fear.

So we are leaving this world
For a better place we hope to find.
We will never see the light of life.
Only naked pain for us is what there is left.

I can change your mind, my dear,
But still love you with all your fear.
I can change your mind, my dear,
But still love you with all your fear
