Sweet sovereign, one last glance
And at your own hands?
Nothing left but liquid pain,
Floating tears and velvet rain.

No more sunrise, no more delights
When endless darkness is all around me.
Eternal grief, from this despite
A smile of hatred - the last I could see.

The final gate was closed tonight,
But tell me why I may live and come by.

Sacred lies,
Sacred lies, Explore the mysteries of death.
Sacred lies, This will be my fate and I dread.

The fade I feel, the ghost I see,
Someday I'll?
A try? of dying, curses?, pain
And silence within me.

Desires and delights,
Hours, days and years
To feel full pain, regret,
To pray for tears.

I am falling down into decay,
I will never see the night of?

No more sunrise, no more delights
When endless darkness is all around me.
The final gate was closed tonight,
But tell me why I may live and come by.

Sacred lies,
Sacred lies, Explore the mysteries of death.
Sacred lies, This will be my fate and I dread.

The fade I feel, the ghost I see,
I'll cross the? in me.

The chime of dying rises to leave?,
And the silence of the dark?

Sacred lies,
Sacred lies, Explore the mysteries of death.
Sacred lies, This will be my fate and I dread.
Sacred lies, Explore the mysteries of death.
Sacred lies, This will be my fate and I dread.
Sacred lies
