I tried so hard to make her see,
But it feels like she could care less,
Maybe worse, for me
May be worse for me
Still I love her,
But she's killing me
She's killing me
I know your not turning around
Still I'm snagged in our dreams
I can't get you out
Sentenced to a tortured mind
'cause I can't forget
I can't forget
Still I love her,
But she's killing me
She's killing me
