In mystic twilight  
Of the dying day  
The night is coming down  
And I am on my way  
Hoof beats of a mighty steed  
Pounding through the air  
The Evil Spirit once again  
Has risen from his lair

Take heed beware of his coming  
Lock the door and pray for tomorrow

Night after night he must ride  
Out on the quest he cannot rest  
He'll take your life  
In the blink of an eye  
Prepare to die

Headless Horseman  
Rider in black  
Galloping on 'til the night is gone  
Headless Horseman  
Minister of death  
No way to escape  
When the Horseman  
Is pulling the blade

Grim and relentless  
He was towering in his saddle  
When he got decapitated  
In some nameless battle  
Driven by the Devil  
He must rise up from the Dead  
To ride forth to the battlefield  
In quest of his head

Cursed cursed to remain  
Cursed to kill again and again

Night after night he must ride  
On and on in eternal damnation  
Severing heads

In the blink of an eye  
Time to die

Headless Horseman

In my investigations  
On his mystery  
I have unlocked the secret  
I found the key  
The one who holds the skull  
Is taking on control  
On the Horseman's very soul

At the lair now  
Awaiting his coming  
His bone in my hand  
I pray for tomorrow

Fire and brimstone  
Are waiting for him  
Time has come to pay for his sin  
Taking his head  
He returns to the dead  
To burn in Hell

Headless Horseman
