When the clock strikes the hour  
My restless soul has to rise  
Unsubstantial, bare of flesh  
Chained by unsacred ties  
Centuries come, millenniums go  
Time has no meaning  
So much pain, I'm longing for peace  
To find a way to redeem

All alone, I'm walking in the night  
Solitude smiles at me in despite

Between the worlds of life and death  
A spectre damned to exist

To make amends for my deeds of sin  
Done with ferocity long ago  
In another time  
In another life

Unforgotten  
Unforgiven

[Chorus:]  
Immortal, punished to be  
Nocturnal prison in eternity  
Forever banished, banned from the day  
Within these walls I have to remain  
The immortal ghost

Once I walked beneath the sun  
In a distant past where it all begun  
Nevermore will I see her again  
Enamoured by the chain

Nightbound  
Hear my sigh  
Eternal rest; let me die  
Let me die

[Chorus]

Once again the clock  
Is striking the hour  
Once again  
I have to rise

Once again I'm walking the night  
End the pain, let me die  
Let me die

[Chorus]
