Chorus

Aubergine girl,
I'll give you all,
I'll give you up,
Might never give in
Aubergine girl,
I'll be alone
I'll be your beau
But I'll believe you, I'll believe
I've got your picture on the bedroom wall
Your silky moments are on my mind, Yeah
And I just can't believe
a girl with your discretion
would be so blind
she can't see whats in front of her eyes
Girl, you don't notice (I think you do)
Things moving way too slow,
I just dream of places we could go

Chorus

I've see the other girlies in the magazines, Yeah
But that kinds of beauty is not my style, No

The way you're looking at me,
I guess I can't believe it
You know, I'm usually shy
but I'm willing to try
Girl, I think i want you (Baby)
I don't want to take you home,
I just want someone to call my own
cos you're my....

Chorus

I want you baby, you know I really need you baby
Well I love ya and i want ya baby
I really need you baby
Daniel: Its a pretty fine line between a boy and a girl but
believe my
aubergine you rule my world...
Chorus to fade
