We were standing all alone
You were leaning in to speak to me
Acting like a mover shaker
Dancing to Madonna then you kissed me

And I think about it all the time
Sweet temptation rush all over me
And I think about it all the time
Passion desire so intense, I can't take anymore
because

I feel the magic all around you
It's bringing me to my knees
Like a wannabe
I've gotta be chained to you

And when you look into my eyes
Felt a sudden sense of urgency
Fascination casts a spell and
You became more than just a mystery

And I think about you all the time
Is this fate is it my destiny
And I think about you all the time
I'm no longer pretend to have my hands on the wheel
because

I feel the magic all around you
It's bringing me to my knees
Like a wannabe
I've gotta be chained to you
(I feel the magic, movin' around you)

I feel the magic all around you
It's bringing me to my knees
Like a wannabe
I've gotta be chained to you

And I think about you all the time
Yea I think about it all the time
(Tell me it's madness, I barely know you)

We were standing all alone
You were leaning in to speak to me
(Ten steps back, you're still a mystery)
Acting like a mover shaker
Dancing to Madonna then you kissed me
I can't take anymore because

I feel the magic all around you
It's bringing me to my knees
Like a wannabe
I've gotta be chained to you
(I feel the magic, movin' around you)

I feel the magic all around you
It's bringing me to my knees
Like a wannabe
I've gotta be chained to you
(Tell me it's madness, I barely know you)

I feel the magic all around you
(Oh you, you)
It's bringing me to my knees
Like a wannabe
(Oh yeah)
I've gotta be chained to you
(I feel the magic, movin' around you)

I feel the magic all around you
It's bringing me to my knees
Like a wannabe
I've gotta be chained to you
(You you you, you, you, you)
(Tell me it's madness, I barely know you)

I feel the magic all around you
It's all around you bringing me to my knees
(Like a wanna be)
Wanna feel, gotta feel
(I've gotta be chained to you)
Wanna be, wanna be, gotta be
Wanna be, gotta be, wanna be, gotta be
