I wait in the darkness
Frozen winds surround my face
In the cover of darkness I can make believe it's you
I feel you like the rain
I feel you like a storm cloud buildin' in my heart
I wonder if you know the pain to want the one thing that
you haven't got

Just a twist in time
You could be mine
Just a sip of wine
And you could be mine
Just a kiss divine
Ooh

A hand brushes by my love
A smile fuels, steel inferno
You don't have to die to leave my world
Stand still and you've departed
It seems I'm not on your mind and I'm just wastin' my
time
I'm just a fool to believe
In the death of the night, can you feel me inside?
I wish that you could conceive

Just a twist in time
You could be mine
Just a sip of wine
You could be mine
Just a kiss divine
You could be mine oh

Won't you leave me in the darkness
Take away the pride, all the dignity that's burnin' inside
Can't you see I'm standin' naked?
I'll bear all the crosses and the crucifixes you can
provide
If you could decide

Just a twist in time
Just a sip of wine
Just a kiss divine

Just a twist in time
You could be mine
Just a sip of wine
And you could be mine
Just a kiss divine
And you could be mine

Just a twist in time
And you could be mine
Just a sip of wine
And you could be mine
Just a kiss divine
Just a twist in time
And you could be mine
Just a sip of wine
You could be mine ohh
Just a kiss divine
Just a twist in time
