This is private  
Meaning I'm not going to tell you  
Cause I feel embaressed  
To tell you that I love a girl

My heart starts to swell  
Take me away from hell  
Yeah, yeah, yeah, yeah, yeah,  
This is a secret

A really big secret  
Super private  
Gotta discriminate  
Private, private, private this is private

And everyday, my heart starts wandering off  
To find that girl  
Now I got to follow my heart  
So I found her at the end of the world

My heart starts to swell  
Take me away from hell  
Yeah, yeah, yeah, yeah, yeah,  
This is a secret

A really big secret  
Super private  
Gotta discriminate  
Private, private, private this is private

I've been looking at that girl for three days  
I think I recognize that face  
I've been thinking about that all the time  
About you ever being mine

My heart starts to swell  
Take me away from hell  
Yeah, yeah, yeah, yeah, yeah,  
This is a secret

A really big secret  
Super private

Gotta discriminate  
Private, private, private this is private

My heart starts to swell  
Take me away from hell  
Yeah, yeah, yeah, yeah, yeah,  
This is a secret

A really big secret  
Super private  
Gotta discriminate  
Private, private, private this is private

My heart starts to swell  
Take me away from hell  
Yeah, yeah, yeah, yeah, yeah,  
This is a secret

A really big secret  
Super private  
Gotta discriminate  
Private, private, private this is private
