We're going to be dancing
We're going to be dancing
We're going to be dancing
We're going to be dancing

Close the door
Shut the windows
There's much more
Til the sun comes down

Write a sign on the door
Saying do not disturb
Keep on going on
Til the end

I put the batteries
In the music player
Then I fell myself
Shaking swaying

We're going to
Keep on dancing
Until the sun comes up
Til the cows come home

Don't you think
That we're going
To stop the music
So early

We're going to
Listen to the tunes
Of many different
Kind of blues

We're going to
Keep on dancing
Until the sun comes up
Til the cows come home

We're going to
Keep on dancing

Until the sun comes up
Til the cows come home

I don't know what to choose
A guitar or a sax
Now I have
So much tax

I like a violin
But I prefer a cello
I can't believe
That I'm the youngest fellow

Then the phone
Starts ringing
While we are
Singing

Yeah, yeah, yeah, yeah
Good times
Yeah, yeah, yeah, yeah
Sunshine

I put the batteries
In the music player
Then I fell myself
Shaking swaying

We're going to
Keep on dancing
Until the sun comes up
Til the cows come home

Don't you think
That we're going
To stop the music
So early

We're going to
Listen to the tunes
Of many different
Kind of blues

We're going to
Keep on dancing
Until the sun comes up
Til the cows come home

We're going to
Keep on dancing
Until the sun comes up

Til the cows come home

Dancing until

Dancing until

Dancing until

Dancing until
